Theresa-

In advance of our NEPA meeting tomorrow at 10, EPA has reviewed the new BDCP Purpose statement that was given to us last week and we find it sufficient. I have attached it so you know what we were reviewing. I note that there was no "Need" section included in the revisions. I cannot find a Need section in the newest Administrative Draft documents, as I could only find a placeholder on page 1-7 of Sec 01. Please let us know if there is any further information regarding the underlying Need for the action under NEPA, and if that will be published with the SDEIS as scheduled for July.

Thank you,

Stephanie
